

Line Number	Error	Error Type	Error Correction
10	Loop accesses marks[5]	Array Bounds Error	Use <code>i < 5</code>
25	Integer division assigned to float	Logical Error	<code>average = total / 5.0</code>
33	numbers[10] out of bounds	Array Bounds Error	Use <code>i < 10</code>
49	String overflow in name	Buffer Overflow	Increase array size
57	Invalid array assignment city	Syntax/Type Error	Use <code>strcpy(city, "Delhi")</code>
65	String comparison using <code>==</code>	Logical Error	Use <code>strcmp()</code>
77	Unsafe <code>gets()</code>	Security Error	Use <code>fgets()</code>
87	<code>strcat</code> may overflow firstName	Buffer Overflow	Increase destination size
99	grade not null terminated	String Error	Add <code>'\0'</code> terminator
107	Negative array index	Array Bounds Error	Use valid index
129	scores[3] out of bounds	Array Bounds Error	Array size should be 4 or index <code><=2</code>
137	subject string too long	Buffer Overflow	Increase array size
149	Username comparison using <code>==</code>	Logical Error	Use <code>strcmp(username, "admin")</code>
161	mobile buffer overflow	Buffer Overflow	Increase array size
173	Loop accesses attendance[5]	Array Bounds Error	Use <code>i < 5</code>
181	course[20] out of bounds	Array Bounds Error	Use valid index 0-19
195	college string not null terminated	String Error	Add <code>'\0'</code>
211	section array too small	Buffer Overflow	<code>char section[5] = "IT-A";</code>
